# Notice of Public Hearing

---

June 26, 2008

Ref. 2008-H-12

The Canadian Nuclear Safety Commission (CNSC) will hold a one-day public hearing to consider the *Environmental Assessment Track Report* (Track Report) regarding the proposal by Saskatchewan Research Council (SRC) to develop and implement a plan to rehabilitate the former Gunnar mine site. The Commission will also consider the *Project-Specific Guidelines and Comprehensive Study Scoping Document* (Scoping Document). The proposal is being reviewed as a comprehensive study under the *Canadian Environmental Assessment Act*.

One-Day Hearing: September 17, 2008

Place: Delta Bessborough, 601 Spadina Crescent East, Saskatoon, Saskatchewan

The public hearing will be webcasted live on the Internet via the CNSC Web site, and will proceed according to the agenda published prior to the hearing date.

A draft version of the Scoping Document has been previously issued for public comments between March 28 and May 2, 2008. The revised Scoping Document, taking public comments into account, and SRC's submission will be made available after July 18, 2008 by contacting the Secretariat at the address below. Following the hearing, the Commission will report to the Minister of the Environment and make a recommendation on whether to continue with the environmental assessment as a comprehensive study, or to refer the project to a mediator or review panel.

The public is invited to comment on the proposed Track Report and the Scoping Document. Requests to intervene must be filed with the Secretary of the Commission by August 18, 2008 at the address below. The request must include the following information, as per the *Canadian Nuclear Safety Commission Rules of Procedure*:

- a written submission of the comments to be presented to the Commission;
- a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation; and
- name, address and telephone of the requester.

Agendas and information on the hearing process are available at the CNSC Web site: [www.nuclearsafety.gc.ca](http://www.nuclearsafety.gc.ca). Hearing documents (submissions) are not available on-line and must be requested through the Secretariat at the address below:
