**Re: Northern Gateway Pipelines Inc.
Enbridge Northern Gateway Project
Hearing Order OH-4-2011**

Dear Sir or Madam,

This letter is to state my objection to the Panel's request to extend sitting hours on Thursday, June 20 in order to conclude top-bottom arguments by end of day and to commence bottom-top arguments on Friday, June 21st, as it had been my hope and intention to present to the Panel in person some time on or after Friday, June 20.

Being conscious of the schedule, my office had been in regular contact with the Panel's Process Advisory Team to move my position in the order of appearances as low as possible, in order to facilitate my appearance in person in Terrace as well as to attend to my parliamentary duties in Ottawa. As I will be in transit from Ottawa to Terrace tomorrow afternoon and evening, it would not be possible for me to present my final argument in person or by proxy, and therefore I would formally request that should all other interveners complete their top-down arguments tomorrow that the Panel adjourn for the day to allow me to present my final argument in Terrace first thing on Friday morning.

Should you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "N. Cullen". The signature is written in a cursive, somewhat stylized font.
