Dear Mr. Zukowski :

**RE: Highway 947 Extension Project Environmental Assessment Cancellation**

On April 1, 2014, Alberta Transportation provided a project description to the Agency for the Highway 947 Extension Project. Based on the information provided in the project description, it was determined that the project would require an environmental assessment under CEAA 2012.

An internal review of the project has deemed the project not a priority at this time and is now cancelled. Please accept this letter as official notice as Alberta Transportation wishes to terminate the Federal Environmental Assessment of this project.

Alberta Transportation would like to thank the project team for their advice and assistance throughout the project. I look forward to working together on future projects.

Kind Regards,
