Re: Withdrawal of Aurora LNG from Environmental Assessment Process

Dear Mr. Moore:

With regards to the British Columbia (BC) Environmental Assessment Office File # 30050-20/ADIS-05-06, Nexen Energy ULC requests to withdraw the Aurora LNG Project from the existing environmental assessment process. In addition, we kindly request that the Aurora LNG Project be withdrawn from any related assessments, applications and processes with the Canadian Environmental Assessment Agency (Reference number 80075).

We thank you for your time and efforts. If you have questions or require additional information please contact Megan Valvasori, Environmental Scientist, at (403) 699-6985, or myself at (403) 699-4735.

Sincerely,
<Original signed by>
