

Grassy Mountain Coal Project Joint Review Panel

Grassy Mountain Coal Project Environmental Assessment Information Summary Sheet

Last updated January 24, 2019

The Joint Review Panel (the Panel) for the proposed Grassy Mountain Coal Project (the Project) is providing the tables, below, to allow easy access to the information provided by Benga Mining Limited (the proponent) in response to information requests issued by the Canadian Environmental Assessment Agency (the Agency), the Alberta Energy Regulator (AER), and the Panel. These tables will be updated when the Panel issues new information requests and when it has received responses.

The hyperlinks in these tables are to documents on the Canadian Environmental Assessment Registry (CEAR) for the Project (reference number 80101) at:

<https://www.ceaa-acee.gc.ca/050/evaluations/proj/80101?culture=en-CA>.

Please note that this document is not to be relied on for completeness. Participants are responsible to review the original documentation posted on the Registry to ensure they have identified all subject matters of relevance to them.
