**Subject:** RE: Changes to CEAA 2012

Hi Cindy,

Thanks for the discussion yesterday. We have discussed the subject internally. We confirm our intent to go forward with the Amisk Hydroelectric Project under the CEAA 2012 process. It is our understanding of the letter you sent that we do not need to submit anything formal to continue on this path.

We will keep you apprised of any notable project updates.

Sincerely,

Dave

Hi Cindy,

Thanks for the information. Please note that the email addresses you have for <Personal information removed> are no longer valid. Please direct correspondence to myself as well as Ian Sanchez at <contact information removed>

I left a message with you. I have a couple of quick questions regarding the letter. Please give me a call when you get an opportunity.

Thanks

Dave
