

**ANNEX 2: Information requests directed to the proponent**

IR Number	Project Effects Link to CEAA 2012	Reference to EIS guidelines	Reference to EIS	Context and Rationale	Specific Question/ Request for Information
TC-01	5(2) Linked to Regulatory Permits/Authorizations (Navigation Protection Act)	6.3.5	Section 2.2.1.1  Section 3.1.1	In order to understand potential impacts to navigation from the Project, Transport Canada will require additional information.	Please provide additional information that identifies current navigation practices of the Elbow River and the potential impacts (positive and negative) to navigation from the construction and operation of the Project. Based in information available to date, Transport Canada understands that the project components that are applicable to this request include the diversion inlet, debris deflector, and safety or sedimentation booms or works from the spillways that may encroach on the Elbow River.
