Reference #: 54	Complete: No	<b>Rationale:</b> The supplementary material or changes to EIS documents or TSDs provided as part of the response is/are insufficient to adequately meet the request.	<b>Context and Information Required for a Complete Response:</b> The response does not follow the guidance provided to CNL that responses provide sufficient information to guide a technical review. While the Proof of Indigenous Verification document lists meetings and correspondence that took place in 2022, Section 4.2.4 of the EIS and the engagement tables in Appendix 4.0.1 describe engagement with each community, only until Oct 2021. Similarly, their contact tracker in the IER ends in Fall 2021. As of the submission date, eight months have elapsed. Additionally, it is unclear if there has been any engagement since the Fall 2021, other than what is included in Proof of Indigenous Verification document.  Please provide additional information in the EIS and IER regarding Indigenous engagement activities, covering the period up until June 2022 or later, where appropriate.	Complete: Yes	-	-
