Dear Ms. Curran:

**SUBJECT: Technical Review of Information Requirements from Public Comment Period**

The Impact Assessment Agency of Canada (the Agency) received Equinor Canada's responses on December 9, 2020 to information requirements resulting from the public comment period on the Environmental Impact Statement (EIS) and EIS Summary for the Bay du Nord Development Project. Upon review, the Agency accepts the responses as adequate for completion of the draft environmental assessment report.

The IRs and your responses will be made public on the Canadian Impact Assessment Registry Internet site.

Sincerely,
