

October 31, 2019 - Indigenous Services Canada has determined that the proposed Hutterite Brethren Church of Twin Creek Inc. – Grazing Permit is not likely to cause significant adverse environmental effects.

The decision was based on an examination of the following factors:

- Impacts on the rights of indigenous peoples;
- Indigenous knowledge;
- Knowledge of the community;
- Comments received from the public;
- Mitigation measures.

Indigenous Services of Canada is satisfied that the project is not likely to cause significant adverse environmental effects.
