**RE: Suncor Energy Inc.
Base Mine Extension Project
Temporary Time Limit Suspension – Planning Phase
Canadian Impact Assessment Registry File No.: 80521**

Dear Ms. Fedrau:

Suncor submits this letter to the Impact Assessment Agency of Canada (IAAC) requesting an extension to the temporary time limit suspension that is currently in place for the planning phase of the Base Mine Extension Project review. Suncor would like additional time to engage with stakeholders on the draft Tailored Impact Statement Guidelines (TISG). Therefore, we request an extension to the deadline for submission of responses to the draft TISG from April 30, 2021, to May 7, 2021.

Suncor remains committed to advance the review of this Project in a timely and efficient manner and appreciates the IAAC's efforts to provide an efficient regulatory review process.

If you have any questions regarding this request, please contact the undersigned at <contact information removed>
or Richard Murray at <contact information removed>

Sincerely,

<Original signed by>
