Dear Chief Bruce Achneepineskum and Chief Cornelius Wabasse:

Subject: Notification that the Detailed Project Description for the Northern Road Link Project is accepted

The Impact Assessment Agency of Canada (the Agency) reviewed the Detailed Project Description for the Northern Road Link Project (the Project) submitted on May 1, 2023, which includes a response to the Summary of Issues provided by the Agency. The Agency has determined that the submission conforms to the requirements of the *Information and Management of Time Limits Regulations*.

The Agency will now take into account the Detailed Project Description, including the response to the Summary of Issues, and the comments received on the Project to decide whether a federal impact assessment is required. Upon making this decision, you will be notified and a notice of the Agency's decision, with reasons, will be posted to the Canadian Impact Assessment Registry Internet site for the Project¹.

Should you have any questions, please contact me at 416-699-2775 or NorthernRoad-RouteDuNord@iaac-aeic.gc.ca.

Sincerely,

Weisbrot, Ely
