1. In general terms, please confirm and describe your ministry's role (if applicable) in the Project.

2. Please provide the contact information of the person or persons responsible for managing your ministry's oversight of the Project (if different from lead contact above).

3. Describe the provincial policy, legislative or regulatory process or approvals administered by your ministry that may assess or manage the potential adverse effects of the Project (e.g., Ontario Regulation 406/19: On-Site and Excess Soil Management). For each mechanism or approval, please provide information regarding the following:

- Name of the process or authorization (e.g., certificate, license, permit or approval) and the associated policy or legislative framework;
 - Whether (for each) the authorization would set conditions and if yes, what issues would those conditions address;
 - Whether (for each) the authorization would require public and/or Indigenous consultation¹ and if yes, provide information on the approach to be taken; and
 - Whether (for each) your ministry has guidance material that would be helpful to the Proponent or the Agency (please provide these as attachments or hyperlinks in your response).
-

4. Confirm whether any authorization listed above would contemplate the following matters and if yes, discuss, in general, the benchmarks or standards to which a project of this nature may be held (be specific in relation to each point below that may be applicable to your ministry's mandate):
- Potential impacts to fish and fish habitat (e.g., from runoff into Lake Simcoe via the Burnie Creek);
 - Potential impacts to species at risk and/or their habitat (e.g., from changes to, or loss of, critical habitat);
 - Potential impacts to migratory birds and/or their habitat (e.g., from changes to, or loss of, habitat);
 - Potential impacts to wetlands and wetland function, or other areas of such as the Ontario Greenbelt;
 - Potential impacts to surface water and/or groundwater quality, including drinking water;
 - Potential impacts from the use of contaminated soil fill, including on human health;
 - Potential impacts on air quality, including potential impacts on human health; and
 - Potential impacts on Indigenous peoples on the following:
 - health, social or economic conditions;
 - current use of lands and resources for traditional purposes (e.g. hunting, fishing, trapping, gathering); and
 - any structure, site or thing that is of historical, archaeological, paleontological or architectural significance.
-

5. Have you received public comments/concerns in relation to the Project? If yes, provide an overview of the key issues and the way in which (in general terms) your ministry intends to address (or has addressed). If no comments/concerns were received to date, provide an overview of how your ministry would manage any future public comments/concerns.
-

6. Have you received Indigenous community comments/concerns in relation to the Project? If yes, provide an overview of the key issues and the way in which (in general terms) your ministry intends to address (or has addressed). If no comments/concerns were received to date, provide an overview of how your ministry would manage any future comments/concerns.
-

7. Do you have any other information about the Project in relation to potential adverse effects or impacts to the public, or Indigenous peoples and their rights as protected under section 35 of the *Constitution Act, 1982*? If yes, please specify.
